Rates: We charge a minimum of one hour on all jobs, thereafter work is charged in 15 minute increments. All rates exclude materials and are subject to VAT.

Estimates: These can be provided by the engineer on site.

Fixed Prices: Fixed Prices for larger works can be given if requested either verbal or a written quotation by the engineer before work commences and are subject to VAT.

Materials: Materials supplied by Capital Plumbers will be charged at trade price plus 25% mark up and are subject to VAT.

Invoice: The invoice will be issued on site, clearly showing a full description of work carried out - time started/time finished, and a full breakdown of Labour and Materials.

Payment: **Payment** must be made in full by credit/debit card or cash to the engineer upon receipt of the invoice on site.
